

NEWS RELEASE FOR IMMEDIATE DISTRIBUTION

Boardwalk REIT Announces Solid Second Quarter 2007 Financial Results with Funds From Operations per Unit Up 32.5% and Distributable Income per Unit Up 32.5% YOY for the Second Quarter and an Upward Revision in 2007 Reported Financial Guidance. Boardwalk REIT also announces the application to commence a Normal Course Issuer Bid.

CALGARY, August 10, 2007 - Boardwalk Real Estate Investment Trust ("BEI.UN" - TSX)

Boardwalk Real Estate Investment Trust ("Boardwalk REIT" or the "Trust") today announced solid financial results for the second quarter of 2007 with FFO per Unit up 32.5% and DI per Unit up 32.5% YOY and an upward revision in 2007 reported financial guidance.

For the second quarter ended June 30, 2007, the Trust reported Funds From Operations¹ ("FFO") of \$29.8 million and FFO per unit of \$0.53 on a diluted basis, compared to FFO of \$22.2 million and FFO per unit of \$0.40 for the same period last year. Distributable Income ("DI") for the quarter was \$30.0 million and DI per Unit was \$0.53 on a diluted basis, compared to \$22.7 million and \$0.40 per unit, respectively, for the same period last year.

Highlights of the Trust's Second Quarter 2007 financial results include:

- Rental revenues of \$92.4 million, an increase of 18.1% compared to \$78.2 million for the three-month period ended June 30, 2006.
- Net operating income (NOI) of \$58.5 million, representing a 24.2% increase from \$47.1 million in the same period last year.
- Funds from operations (FFO) of \$29.8 million, an increase of 33.9% compared to \$22.2 million for the three-month period ended June 30, 2006.
- FFO per unit was \$0.53 on a diluted basis, up 32.5% compared to \$0.40 in the same period last year.
- Distributable Income (DI) was \$0.53 per unit, up 32.5% from \$0.40 for the three months ended June 30, 2006.
- Net earnings for the quarter were down \$102 million from prior year, the direct result of a one-time deferred non-cash tax charge of \$111 million relating to the Royal Assent of Bill C-52 on June 22, 2007.

Commenting on the Trust's Q2 2007 results, Sam Koliass, C.E.O., said: "We are pleased to report on another positive quarter for the Trust. As predicted, demand for our rental units remained strong through the second quarter of 2007. Economic expansion continues to drive demand for rental accommodation in our British Columbia, Alberta and Saskatchewan markets, resulting in downward pressure on vacancy rates."

"Our Western markets, which make up in excess of 69% of our total apartment portfolio, continue to see strong revenue growth, with the largest growth in our Edmonton, Calgary and Saskatchewan markets. Average market rents were up approximately \$107 in Edmonton at the end of Q2 over Q1 of 2007; \$54 in Saskatoon; and \$31 in Regina. In Calgary, the rental market remains strong, though early indicators suggest market fundamentals are moderating slightly. Still, market rents were up approximately \$37 in Calgary as at the end of Q2 over Q1."

BOARDWALK REAL ESTATE INVESTMENT TRUST

Roberto Geremia, President, added: "The slight moderating seen over the past quarter in Calgary reinforces the effectiveness of a free market, as price adjustments over the past months are resulting in a new equilibrium between supply and demand within the market. Edmonton, where current rental market fundamentals mirror the fundamentals Calgary experienced approximately 12 to 18 months ago, may experience a similar cycle of market rebalancing over the coming months."

"For the majority of our Customers, salary growth through significant wage inflation has offset hardship from rising rents. However, we recognize that market rental rate increases may be difficult to bear for a select group of the lower income earning population. Therefore, we remain committed to our Customer-focused operating policies and initiatives, which help provide affordable housing to those in financial need. Because the rental market is cyclical, our self-imposed, Customer-focused policies, including our internal 'rent protection' policy and rental subsidy program, make good business sense for all landlords. It is in our best interests to proactively ensure the rental market remains healthy and viable over the long term."

Operational Highlights

- The average vacancy rate across the Trust's portfolio for the second quarter of 2007 was 4.16%, down from 4.39% in the first quarter of 2007, but up from 3.87% for the second quarter of 2006.
- The average monthly rent realized in the second quarter of 2007 was \$865 per rental unit, up \$89 from \$776 per rental unit for the same period last year.
- The average market rent for the Trust's properties at the end of June 2007 was an estimated \$1064 per rental unit per month, which compares to an average in-place monthly rent per occupied unit of \$903 for the three-month period ended June 30, 2007. This translates to an estimated 'loss-to-lease' of approximately \$60.8 million on an annualized basis, or \$1.08 per outstanding Trust Unit, given existing occupancy levels.

More detail on our operations will be found in our conference call presentation to be posted on our web site today at www.boardwalkreit.com/FinancialReports/. The conference call audio for this presentation can also be found on our web site at www.boardwalkreit.com/FinancialReports/ following the call.

Same-Property Results

Boardwalk REIT continued to show solid performance in its stabilized properties (defined as properties owned for over 24 months). The "same-property" results for the Trust's stabilized portfolio for the three-month period ended June 30, 2007 showed rental revenue growth of 12.4% on a year-over-year basis. Operating expenses increased 1.3%, resulting in an increase in NOI of 19.3% compared to the same period last year. A total of 33,014 units, representing approximately 92% of Boardwalk REIT's total portfolio, were classified as stabilized as at June 30, 2007.

Same-Property Results - Stabilized Portfolio

BOARDWALK REAL ESTATE INVESTMENT TRUST

	# of Units	Revenue Growth	Operating Expense Growth	Net Operating Income Growth	% of Stabilized NOI

Ontario	4,265	0.1%	0.3%	-0.1%	8%
	33,014	11.5%	3.3%	17.0%	100%

Commenting on Boardwalk REIT's same-property results, Sam Koliass, CEO, said, "In the second quarter, we are pleased to see revenue growth accelerating more quickly than expense increases on a stabilized property basis for the seventh straight quarter. Our portfolio operating expenses rose quite minimally this quarter, resulting in strong NOI growth on both a quarter-over-quarter and half-year basis."

BOARDWALK REAL ESTATE INVESTMENT TRUST

Commenting on the Trust's property acquisitions and dispositions, Bill Chidley, Senior Vice President, Corporate Development, said: "To date, we have closed on 1,703 apartment units in 2007. All of these acquisitions are located in strong Western markets. At this point, we feel it appropriate to increase our acquisition guidance from the previously announced 1,000 – 2,000 range to a new target range of 2,000 – 3,000 residential units for the 2007 fiscal year."

"Our highly skilled Acquisitions department continues to work proactively to find, underwrite and negotiate superior acquisition opportunities across the country. Currently, our primary focus is in the strong Western Canadian market, most particularly the Lower Mainland and Victoria areas in British Columbia, the entire Province of Alberta, and the major centres in Saskatchewan. Despite this predominantly Western focus, we also remain, as always, poised to act quickly on any particularly attractive one-time deals in the East. As we have mentioned in the past, we believe it is still too early in the market cycle to consider the Greater Toronto Area in a meaningful way. Boardwalk REIT looks for meaningful rental growth rates in addition to initial accretion in its acquisitions."

"The acquisition market for multi-family rentals in Canada continues to be a highly competitive 'seller's market'. We are in discussion on a number of possible acquisitions; however, we cannot be certain of closing on any of these transactions."

New Apartment Development

Boardwalk REIT continues to explore the possibility of developing new rental product in select markets in Western Canada. At this time, we are focusing on selected properties that feature excess density in Calgary and Edmonton. We remain committed to economical new rental development and are currently in the process of density intensification studies in Calgary and Edmonton. Currently, we are studying five properties: Radisson Village, Russet Court and Spruce Ridge Estates in Calgary, and West Edmonton Village and Viking Arms in Edmonton.

We continue to work with third parties to help us more fully explore this opportunity. Though we are excited by this opportunity, it is important to note that this current development opportunity represents much less potential financial gain than our current mature portfolio.

Continued Financial Strength

The Trust maintained its solid financial position through the second quarter of 2007. Boardwalk REIT's total principal mortgage and debt outstanding was \$1.76 billion as at June 30, 2007, as compared to \$1.53 billion as at June 30, 2006. As at June 30, 2007, the Trust's total debt had an average maturity of 2.9 years with a weighted average interest rate of 5.25%. The Trust's total debt-to-total market capitalization ratio was 38.3% as at June 30, 2007.

The Trust, as at June 30, 2007, had a \$200 million secured, undrawn acquisition and operating facility available for future investment opportunities. In addition, the Trust has been proactive in managing its debt portfolio and, as such, has already locked in over \$132 million in mortgages maturing in the last half of the 2007 fiscal year at rates well below both the maturing and existing market rates.

BOARDWALK REAL ESTATE INVESTMENT TRUST

The Trust's interest coverage ratio, excluding gains, for the three-month period ended June 30, 2007 was 2.37 times, compared to 2.13 times in the same period last year.

Normal Course Issuer Bid

Recently, the public markets have experienced downward pressure and a high level of volatility. Given this situation and the recent pull back in our Trust Unit price, the Board of Trustees has given Management the approval to commence a Normal Course Issuer Bid. The Bid, once approved by existing securities bodies, will allow the Trust to purchase up to 10% of its existing outstanding public float, or 4265,085 million Trust Units, through the facilities of the Toronto Stock Exchange. Boardwalk REIT currently has 51,989,813 issued and outstanding trust units. The average daily trading volume for the six calendar months prior to the date hereof was 166,116 trust units. The Bid, if approved, is expected to commence on August 17, 2007 and will terminate one year later, or at such earlier time as the Bid is complete.

Boardwalk REIT believes that the current and recent market prices of its trust units do not reflect their underlying value. Boardwalk REIT's management is initiating this program as it feels that, at current market prices, an investment in Boardwalk REIT's own high quality portfolio will deliver strong returns for unitholders and represents an effective use of its capital and steadily increasing cash flows. At the same time, Boardwalk REIT plans to continue its property acquisition and capital improvement programs. Boardwalk REIT will purchase the trust units for cancellation with the intention of increasing the proportionate interest of all remaining unitholders.

Commenting on the Bid, William Wong, CFO, stated: "We will be purchasing Trust Units in the public securities market in accordance with stipulations set forth by the securities regulators. It is our belief that one of the best investments available today is to purchase our real estate at a significant discount to both net asset value and replacement cost."

Outlook and 2007 Financial Guidance

Commenting on the outlook for the Trust, Roberto Geremia, President, said, "As is customary, the Trust has reviewed its key assumptions in providing financial guidance for the current fiscal year. Based on this review, our continued belief in the strength of the rental markets in Western Canada, and the fact that we have now reported on two of the four fiscal 2007 quarters, we again feel it is appropriate to make adjustments to our 2007 financial guidance. We are increasing as well as adjusting the reported range for both FFO and DI Guidance. For fiscal 2007, we are expecting FFO to be between \$1.95 to \$2.04, as compared to the previous guidance of \$1.90 to \$2.02. For DI, we now anticipate a range of between \$1.97 to \$2.05, as compared to the previous guidance of \$1.92 to \$2.04. To achieve these guidance revisions, we are also increasing our expected stabilized property NOI growth to 10% from the previous 8.5%, as well as increasing our acquisition target, as previously mentioned."

August 2007 Monthly Distribution

The Trust has declared its August, 2007 distribution in the amount of 13.33 cents per unit (\$1.60 annualized). The August distribution will be payable on September 17, 2007 to unitholders of record on August 31, 2007. To encourage participation and reward unitholders, investors registered in the Distribution Reinvestment Plan ("DRIP") will continue to receive a "bonus" distribution of additional Trust Units representing 3% of the amount of their cash distributions reinvested pursuant to the Plan. A full copy of the DRIP can be found on Trust's

BOARDWALK REAL ESTATE INVESTMENT TRUST

website at www.boardwalkREIT.com.

Supplementary Information

Boardwalk REIT produces Quarterly Supplemental Information that provides detailed information regarding the Trust's activities during the quarter. The second quarter 2007 Supplemental Information is available on our investor website at www.boardwalkreit.com.

Teleconference on Second Quarter Financial Results

We invite you to participate in the teleconference that will be held to discuss these results this same morning at 11:00 am EST. Senior management will speak to the second quarter financial results and provide a corporate update. Presentation materials will be made available on our investor website at www.boardwalkreit.com prior to the call.

Participation & Registration: Please RSVP to Investor Relations at 403-531-9255 or by email to investor@bwalk.com.

Teleconference: The telephone numbers for the conference are 416-644-3415 (within Toronto) or toll-free 1-800-732-9303 (outside Toronto).

Webcast: Investors will be able to listen to the call and view our slide presentation over the Internet by visiting <http://www.boardwalkreit.com> 15 min. prior to the start of the call. An information page will be provided for any software needed and system requirements. The live audiocast will also be available at <http://www.newswire.ca/en/webcast/viewEvent.cgi?eventID=1911140>

Replay: An audio recording of the teleconference will be available from 1:30 pm ET on Friday, August 10 2007 until 11:59 pm ET on Friday, August 17th, 2007. You can access it by dialing 416-640-1917 and using the passcode 21238371 followed by the pound (#) sign. An audio archive will also be available on our website (<http://www.boardwalkreit.com/>) approximately two hours after the conference call.

Corporate Profile

Boardwalk REIT is an open-ended real estate investment trust formed to acquire all of the assets and undertakings of Boardwalk Equities Inc. Boardwalk REIT's principal objectives are to provide its unitholders with monthly cash distributions, partially on a Canadian income tax-deferred basis, and to increase the value of its units through the effective management of its residential multi-family revenue producing properties and the acquisition of additional properties. Boardwalk REIT currently owns and operates in excess of 260 properties with approximately 35,800 units totalling approximately 30 million net rentable square feet, and is Canada's largest owner/operator of multi-family rental communities. Boardwalk REIT's portfolio is concentrated in the provinces of Alberta, British Columbia, Saskatchewan, Ontario and Quebec.

¹ Funds From Operations ("FFO") is a generally accepted measure of operating performance of real estate investment trusts and companies; however, it is a non-GAAP measure. The Trust calculates FFO by taking net earnings after discontinued operations, adjusting for gains or losses on disposal of discontinued operation assets and extraordinary items, and adding non-cash expenses including future income taxes and amortization. The determination of this amount may differ from that of other real estate investment trusts and companies. Distributable Income ("DI") is calculated based on the definition as set out in the Trust's declaration of trust and is computed by taking

BOARDWALK REAL ESTATE INVESTMENT TRUST

FFO and adding back amortization on any deferred financing charges incurred prior to May 3, 2004 as well as adjusting for any discounts or premiums relating to the amortization of mark-to-market debt adjustment incurred subsequent to the real estate investment trust conversion date of May 3, 2004.

CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING STATEMENTS

This news release contains forward-looking statements relating to our operations and the environment in which we operate, which are based on our expectations, estimates, forecast and projections, which we believe are reasonable as of the current date . These statements are not guarantees of future performance and involve risks and uncertainties that are difficult to control or predict. For more exhaustive information on these risks and uncertainties you should refer to our most recently filed annual information form which is available at www.sedar.com. Actual outcomes and results may differ materially from those expressed in these forward-looking statements. Readers, therefore, should not place undue reliance on any such forward-looking statements. Further, a forward-looking statement speaks only as of the date on which such statement is made and should not be relied upon as of any other date. While we may elect to, we undertake no obligation to publicly update any such statement to reflect new information or the occurrence of future events or circumstances at any particular time.

BOARDWALK REAL ESTATE INVESTMENT TRUST

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Three and six months ended June 30, 2007

(TABULAR AMOUNTS IN CDN\$ THOUSANDS, EXCEPT NUMBER OF UNITS AND PER UNIT AMOUNTS UNLESS OTHERWISE STATED)

(UNAUDITED)

1. ORGANIZATION OF TRUST

Boardwalk Real Estate Investment Trust (“Boardwalk REIT” or the “Trust”) is an unincorporated, open-ended real estate investment trust created pursuant to the Declaration of Trust, dated January 9, 2004 and as amended and restated on May 3, 2004, May 10, 2006 and May 10, 2007, under the laws of the Province of Alberta. Boardwalk REIT was created to invest in revenue producing multi-family residential properties or interests within Canada, initially through the acquisition of operations of Boardwalk Equities Inc. (the “Corporation”), which was acquired on May 3, 2004.

2. BASIS OF PRESENTATION

These unaudited interim consolidated financial statements have been prepared in accordance with the recommendations of the handbook of the Canadian Institute of Chartered Accountants (“CICA Handbook”) and are consistent with those used in the audited consolidated financial statements as at and for the year ended December 31, 2006, except as disclosed in Note 3 below. These interim financial statements do not include all of the disclosures required by Canadian generally accepted accounting principles (“Canadian GAAP”) applicable to annual financial statements and, therefore, they should be read in conjunction with the audited consolidated financial statements.

The preparation of financial statements in accordance with Canadian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and to make disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Due to seasonality, the operating results for the three and six months ended June 30, 2007 are not necessarily indicative of the results that may be expected for the full year ending December 31, 2007 due to seasonal variations in utility costs and other factors. Historically, Boardwalk REIT has experienced higher utility expenses in the first quarter as a result of the winter months, which create variations in the quarterly results.

Certain comparative figures have been reclassified to conform to the presentation of the current period, or as a result of accounting changes.

3. ACCOUNTING CHANGES

On January 1, 2007, the Trust adopted five new accounting standards issued by the CICA. These standards are to be applied on a retroactive basis without restatement to prior periods. Any adjustments as a result of adopting these new standards were recognized by restating the balance of opening unitholders’ equity. Comparative periods are not permitted to be restated. These five standards are outlined below:

- a) Section 1506 - Accounting Changes
- b) Section 1530 - Comprehensive Income
- c) Section 3855 - Financial Instruments-Recognition and Measurement
- d) Section 3861 – Financial Instruments – Disclosure and Presentation
- e) Section 3865 - Hedges

Section 1506 - Accounting Changes prescribes the criteria for changing accounting policies, together with the accounting treatment and disclosure of changes in accounting policies, changes in accounting estimates and correction of errors in order to enhance the relevance, reliability and comparability of financial statements.

Section 1530 – Comprehensive Income is comprised of net earnings and other comprehensive income (“OCI”), which represents changes in unitholders’ equity during a period arising from transactions and other events with non-owner sources. OCI generally would include unrealized gains and losses on financial assets classified as available-for-sale, unrealized foreign

BOARDWALK REAL ESTATE INVESTMENT TRUST

currency translation adjustments arising from self-sustaining foreign operations and changes in the fair value of the effective portion of cash flow hedging instruments.

Section 3855 – Financial Instruments – Recognition and Measurement establishes standards for recognizing and measuring financial assets, financial liabilities and non-financial derivatives. All financial instruments are required to be measured at fair value on initial recognition, except for certain related-party transactions. Measurement in subsequent periods depends on whether the financial instrument has been classified as held-for-trading, available-for-sale, held-to-maturity, loans and receivables, or other liabilities. Financial assets and financial liabilities classified as held-for-trading are required to be measured at fair value with gains and losses recognized in net earnings. Financial assets classified as held-to-maturity, loans and receivables and financial liabilities (other than those held-for-trading) are required to be measured at amortized cost using the effective interest method of amortization. Available-for-sale financial assets are required to be measured at fair value with unrealized gains and losses recognized in OCI. Investments in equity instruments classified as available-for-sale that do not have a quoted market price in an active market should be measured at cost. Derivative instruments must be recorded on the balance sheet at fair value including those derivatives that are embedded in a financial instrument or other contract but are not closely related to the host financial instrument or contract, respectively. Changes in the fair values of derivative instruments are required to be recognized in net earnings, except for derivatives that are designated as a cash flow hedge, in which case the fair value change for the effective portion of such hedge relationship is required to be recognized in OCI. The standard permits us to designate any financial instrument whose fair value can be reliably measured as held-for-trading on initial recognition or adoption of the standard, even if that instrument would not otherwise satisfy the definition of held-for-trading set out in Section 3855. The standard specifically excludes Section 3065, Leases, from the definition of financial instruments, except for derivatives that are embedded in a lease contract. Other significant accounting implications arising on adoption of the standard include the initial recognition of certain financial guarantees at fair value on the balance sheet and the use of the effective interest method of amortization for any transaction costs or fees, premiums or discounts earned or incurred for financial instruments measured at amortized cost.

Section 3861 – Financial Instruments – Disclosure and Presentation establishes standards for presentation of financial instruments and non-financial derivatives, and identifies the information that should be disclosed about them. The presentation paragraphs deal with the classification of financial instruments, from the perspective of the issuer, between liabilities and equity, the classification of related interest, dividends, losses and gains, and the circumstances in which financial assets and financial liabilities are offset. The disclosure paragraphs deal with information about factors that affect the amount, timing and certainty of an entity's future cash flows relating to financial instruments. This Section also deals with disclosure of information about the nature and extent of an entity's use of financial instruments, the business purposes they serve, the risks associated with them and management's policies for controlling those risks.

Section 3865 - Hedges specifies the criteria under which hedge accounting can be applied and how hedge accounting should be executed for each of the permitted hedging strategies: fair value hedges, cash flow hedges and hedges of a foreign currency exposure of a net investment in a self-sustaining foreign operation. In a fair value hedging relationship, the carrying value of the hedged item will be adjusted by gains or losses attributable to the hedged risk and recognized in net earnings. The changes in the fair value of the hedged item, to the extent that the hedging relationship is effective as defined by the standard (“effective”), will be offset by changes in the fair value of the hedging derivative. In a cash flow hedging relationship, the effective portion of the change in the fair value of the hedging derivative will be recognized in OCI. The ineffective portion as defined by the standard (“ineffective”) will be recognized in net earnings. The amounts recognized in OCI will be reclassified to net earnings in those periods in which net earnings is affected by the variability in the cash flows of the hedged item. In hedging a foreign currency exposure of a net investment in a self-sustaining foreign operation, the effective portion of foreign exchange gains and losses on the hedging instruments will be recognized in OCI and the ineffective portion is recognized in net earnings. Deferred gains or losses on the hedging instrument with respect to hedging relationships that were discontinued prior to the transition date but qualify for hedge accounting under the new standards will be recognized in the carrying amount of the hedged item and amortized to net earnings over the remaining term of the hedged item for fair value hedges, and for cash flow hedges will be recognized in OCI and reclassified to net earnings in the same period during which the hedged item affects net earnings. However, for discontinued hedging relationships that do not qualify for hedge accounting under the new standards, the deferred gains and losses will be recognized in the opening balance of retained earnings on transition.

Impact of Adoption of Sections 1506, 1530, 3855, 3861 and 3865

Our consolidated financial statements now include consolidated statements of earnings and comprehensive income while the cumulative amount of other comprehensive income has been included as a separate section of unitholders' equity.

Boardwalk REIT has also adopted the effective interest rate method for calculating the amortized cost of its financial liabilities and of allocating the financing charges, including transaction costs, over the relevant reporting periods. Any adjustment as a result of the adoption of Section 3855 is recognized by restating the balance of opening unitholders' equity. Comparative periods are not permitted to be restated. For the current and prior periods, all unamortized transaction costs (previously

BOARDWALK REAL ESTATE INVESTMENT TRUST

designated as deferred financing costs and mark-to-market adjustment of debt) are now netted against the respective financial liability. The table below outlines the transitional effect of adopting the new accounting standards on financial instruments:

BOARDWALK REAL ESTATE INVESTMENT TRUST

	June 30, 2007	December 31, 2006
Mortgages Payable		
Principal outstanding	\$1,633,611	\$1,414,537
Unamortized deferred financing costs	(48,648)	(41,626)
Unamortized mark-to-market adjustment	1,502	1,730
	<u>\$1,586,465</u>	<u>\$1,374,641</u>
Debentures		
Principal outstanding	\$120,000	\$120,000
Unamortized deferred financing costs	(1,399)	(1,552)
	<u>\$118,601</u>	<u>\$118,448</u>

There were no material impacts to the consolidated financial statements on adoption of Section 3865 by the Trust.

Bill C-52

On June 22, 2007, Bill C-52 received Royal Assent in Canada. As a result of this, under Generally Accepted Accounting Principles in Canada, once a bill is enacted, it is a requirement to record the income tax implications effective on that date. In accordance with Bill C-52, the assumption being made is that, effective January 1, 2011, Boardwalk REIT will no longer qualify as a Real Estate Investment Trust ("REIT") in accordance with the definition contained in that legislation, and will remain within certain "normal growth" limits such that it will be subject to income tax pursuant to this new legislation.

Impact of Bill C-52

The impact of our interpretation of Bill C-52 on Boardwalk REIT was that, based on a detailed review of the legislation, at this time it may be interpreted that the Trust does not qualify as a REIT, which would be exempt from the specified investment flow-through ("SIFT") rules, and as such has recorded an estimate of its the future income tax liability at June 30, 2007 based on it being subject to the tax prescribed by the SIFT rules on January 1, 2011. The result is that the Trust is recording a future income tax liability at June 30, 2007 in the amount of \$111.1 million. At a future time, once it has been deemed that the Trust would be in compliance with the SIFT rules, the amount of the adjustment will be reversed. Although the adjustment to earnings and cumulative earnings at June 30, 2007 is significant, it is not large enough to affect any existing debt covenants currently in place, including those stipulated for Boardwalk REIT's unsecured debentures. At this time, it is the belief of the Trust that it will be in compliance with the existing and or amended legislation prior to the effective date of January 1, 2011.

Prepaid property taxes	2,952	1,193
Prepaid and other	2,205	2,733
	<u>\$18,149</u>	<u>\$13,873</u>

Accumulated amortization for corporate technology assets and head office building at June 30, 2007 were \$12.8 million and \$1.0 million, respectively (December 31, 2006 - \$12.1 million and \$1.0 million, respectively). Accumulated amortization for lease goodwill and customer relationship intangibles at June 30, 2007 was \$10.9 million (December 31, 2006 - \$7.9 million)

6. DISCONTINUED OPERATIONS

During the second quarter of 2007, the Trust initiated a plan to sell a property totaling 108 units in Edmonton, Alberta. The property is available for immediate sale in its present condition, a buyer has been located and the sale is probable and expected to be completed within the fiscal year.

During the first quarter of 2007, the Trust acquired a property in Edmonton, Alberta consisting of two buildings totaling 51 apartment units. Prior to the closing of the acquisition, the Trust received an unsolicited offer to sell this property to an unrelated third party. After a detailed review of the offer, the Trust agreed to the sale of this property. The property was, therefore, classified as discontinued operations upon acquisition.

During the end of the third quarter of 2006, a revenue producing property consisting of 90 units in Calgary was classified as discontinued operations as a result of the Trust initiating an active program to dispose of this property. This property is being developed into condominium units for sale at a price that is reasonable in relation to its current fair value. This Calgary property formed part of our Alberta segment in our segmented information disclosure.

The following tables set forth the results of operations as well as the assets and liabilities associated with the discontinued operations.

BOARDWALK REAL ESTATE INVESTMENT TRUST

Mortgages payable on properties held for sale			\$5,866	\$5,937

7. DEBENTURES

On January 21, 2005, Boardwalk REIT completed the issuance of unsecured debentures in a public offering in the aggregate amount of \$120 million. The debentures are rated “BBB” with a stable trend by Dominion Bond Rating Services, carry a coupon rate of 5.31% and will mature on January 23, 2012. Net proceeds of approximately \$119 million were used to fund acquisitions, repay operating lines of credit and for general trust purposes. In conjunction with the debenture issue, the Trust also entered into a bond forward contract to hedge the risk of interest rate fluctuations prior to the final pricing of the debenture. The bond forward contract was settled when the debentures were issued for the settlement amount of \$0.7 million. The settlement amount will be amortized over the term of the unsecured debentures. At June 30, 2007 the Trust was in compliance with all the covenants reported in the debenture.

BOARDWALK REAL ESTATE INVESTMENT TRUST

8. DEFERRED UNIT PLAN

During 2006, the Trust implemented a deferred unit plan. The plan entitles trustees and officers, at the participant's option, to receive deferred units in consideration for trustee fees or executive bonuses, respectively, with the Trust matching the number of units received. The deferred units vest 50% on the third anniversary and 25% on each of the fourth and fifth anniversaries, subject to provisions for earlier vesting in certain events. The deferred units earn additional deferred units for the distributions that would otherwise have been paid on the deferred units (i.e., had they instead been issued as Trust Units on the date of grant). Once vested, participants are entitled, at their option, to receive an equivalent number of Trust Units or the equivalent value in cash of the vested deferred units and the corresponding additional deferred units. The deferred unit plan was approved by unitholders on May 10, 2006. At the end of June 30, 2007, total compensation costs of \$•1.5 million were recognized in income related to employee awards under the deferred unit plan.

The status of the outstanding deferred units is as follows:

Summary of Deferred Unit Plan	Outstanding	Vested
Deferred units granted	72,746	-
Additional deferred units earned on unvested units	1,000	-
December 31, 2006	73,746	-
Deferred units granted	20,668	-
Additional deferred units earned on unvested units	1,495	-
June 30, 2007	95,909	-

9. UNITHOLDERS' CAPITAL

The Plan of Arrangement (the "Arrangement") to convert Boardwalk Equities Inc. from a share corporation to a real estate investment trust was completed on May 3, 2004. On conversion of Boardwalk Equities Inc. to a trust, Boardwalk Equities Inc. incurred \$10.3 million in restructuring costs. Under the Arrangement, the former shareholders of Boardwalk Equities Inc. received Boardwalk REIT units or Class B Limited Partnership ("LP Class B") units of a controlled limited partnership of the Trust, Boardwalk REIT Limited Partnership.

The LP Class B units are non-transferable, except under certain circumstances, but are exchangeable, on a one-for-one basis, into Boardwalk REIT units at any time at the option of the holder. Prior to such exchange, distributions will be made on the exchangeable units in an amount equivalent to the distributions which would have been made had the units of Boardwalk REIT been issued. Each LP Class B unit was accompanied by a Special Voting unit, which will entitle the holder to receive notice of, attend and vote at all meetings of unitholders. There is no value assigned to the Special Voting units. The LP Class B units issued are included in the unitholders' capital contributions on the balance sheet. The changes in unitholders' capital contribution are as follows:

Summary of Unitholders' Capital Contributions	Units	Amount
December 31, 2005	53,224,194	\$295,696
Units issued under equity financing, net of issue costs	2,915,000	63,583
Units issued under distribution reinvestment plan	212,589	5,784
Restructuring costs	-	(140)
Deferred unit plan	-	821
December 31, 2006	56,351,783	\$365,744
Units issued under distribution reinvestment plan	99,588	4,232
Issue costs	-	(136)
Deferred unit plan	-	931

BOARDWALK REAL ESTATE INVESTMENT TRUST

June 30, 2007

56,451,371

\$370,771

The Declaration of Trust authorizes Boardwalk REIT to issue an unlimited number of units for the consideration and on terms and conditions established by the Trustees without the approval of any unitholders. The interests in Boardwalk REIT are represented by two classes of units: a class described and designated as "REIT Units" and a class described and designated as "Special Voting Units". The beneficial interest of the two classes of units is as follows:

(a) REIT Units

REIT Units represent an undivided beneficial interest in Boardwalk REIT and in distributions made by Boardwalk REIT. The REIT Units are freely transferable, subject to applicable securities regulatory requirements. Each REIT Unit entitles the holder to one vote at all meetings of unitholders. Except as set out under the redemption rights below, the REIT Units have no conversion, retraction, redemption or pre-emptive rights.

REIT Units are redeemable at any time, in whole or in part, on demand by the holders. Upon receipt by Boardwalk REIT of a written redemption notice and other documents that may be required, all rights to and under the REIT Units tendered for redemption shall be surrendered and the holder shall be entitled to receive a price per REIT Unit equal to the lesser of:

- i) 90% of the "market price" of the REIT Units on the principal market on which the REIT Units are quoted for trading during the twenty- day period ending on the trading day prior to the day on which the REIT Units were surrendered to Boardwalk REIT for redemption; and
- ii) 100% of the "closing market price" of the REIT Units on the principal market on which the REIT Units are quoted for trading on the redemption date.

(b) Special Voting Units

The Declaration of Trust provides for the issuance of an unlimited number of Special Voting Units that will be used to provide voting rights to holders of LP Class B units or other securities that are, directly or indirectly, exchangeable for REIT Units.

Each Special Voting Unit entitles the holder to the number of votes at any meeting of unitholders, which is equal to the number of REIT Units that may be obtained upon surrender of the LP Class B unit to which the Special Voting Unit relates. The Special Voting Units do not entitle or give any rights to the holders to receive distributions or any amount upon liquidation, dissolution or winding-up of Boardwalk REIT.

The breakdown of trust units of Boardwalk REIT by class is as follows:

	Units	Amount
Boardwalk REIT Units	51,976,371	
Special Voting Units issued to holders of LP Class B units	4,475,000	
Total trust units	56,451,371	\$370,771

10. DISTRIBUTABLE INCOME AND PER UNIT INFORMATION

Distributable income per unit

Boardwalk REIT makes distributions to unitholders on a monthly basis on or about the 15th day of the following month. The reported distributable income is defined under the Trust's Declaration of Trust ("DOT"). Under the DOT, as amended and restated, the Trust is required to distribute, at a minimum, its reported taxable income. The reconciliation of distributable income and per unit information begins with total operating cash flows calculated in accordance with Canadian generally accepted accounting principles and as defined in the Declaration of Trust for Boardwalk REIT. However, distributable income and the per unit information are non-GAAP measures that do not have any standardized meaning prescribed by Canadian GAAP and, therefore, unlikely to be comparable to similar measures presented by other real estate companies and trusts.

11. INCOME TAXES

Although Boardwalk REIT is a “mutual fund trust” as defined under the Income Tax Act (Canada) and accordingly is not taxable on its income to the extent that its income is distributed to its unitholders. This exemption does not extend to the corporate subsidiaries of Boardwalk REIT that are subject to income tax. The adjustment for change in effective tax rate reflects the reduction of the current combined federal and provincial substantively enacted rate in the province of Alberta. On June 22, 2007, Bill C-52 received royal assent (see Note 3 for further details). As such, the Trust, to be in compliance with Canadian GAAP, is required to estimate what the impact of the reported tax amount would be on January 1, 2011.

BOARDWALK REAL ESTATE INVESTMENT TRUST

Total future income taxes (recovery)	\$111,630	\$(122)	\$111,398	\$(224)
--------------------------------------	-----------	---------	-----------	---------

Future income taxes (recovery) consist of the following:

	3 months ended June 30, 2007	3 months ended June 30, 2006	6 months ended June 30, 2007	6 months ended June 30, 2006
Tax (recovery) expense based on expected rate	\$40	\$(166)	\$149	\$(321)
Adjustment to future income tax liabilities	111,590	44	111,249	97
Future income taxes (recovery)	\$111,630	\$(122)	\$111,398	\$(224)

The future income tax asset (liability) is calculated as follows:

As at	June 30, 2007	December 31, 2006
Tax asset related to operating losses	\$320	\$294
Tax liability related to differences in tax and book basis	\$(111,401)	22
Future income tax asset (liability)	\$(111,081)	\$316

12. COMMITMENTS AND CONTINGENCIES

At June 30, 2007, the Trust had a long-term supply arrangement with one electrical utility company to supply the Trust with its electrical power needs for southern Alberta for the next eighteen months at a blended rate of approximately \$0.068/kwh. The agreement provides that the Trust purchase its power for all southern Alberta properties under contract for the upcoming months.

Beginning in November 2003, the Alberta government implemented a natural gas rebate program covering the winter usage months of November through March. In October 2005, the natural gas rebate program was extended to cover the month of October. In January of 2006, the Alberta government announced a three-year extension to the program covering the winter months of October through March. The extension of the natural gas rebate program will end March 31, 2009. The rebate program becomes active when the natural gas consumer price charged by two of the three major gas companies in Alberta exceeds \$5.50/GJ for any individual winter usage month. For January through June 2006, Boardwalk REIT was eligible for estimated rebates totalling approximately \$1.4 million. For January to June 2007, Boardwalk REIT was eligible for rebates totalling approximately \$0.9 million.

The Trust also entered into three natural gas supply contracts, which provide a degree of price certainty for natural gas usage in the provinces of Saskatchewan, Ontario and Quebec. The contracts cover between 75 - 100% of the Trust's natural gas requirements for each of the provinces. The physical supply agreement for Saskatchewan runs from November 1, 2006 to October 31, 2007 and provides the commodity at a price of \$8.48/GJ. The physical supply agreements for Eastern Canada covered the period from June 1, 2006 to June 1, 2007 and provided the commodity near \$8.00/GJ.

Boardwalk REIT, in the normal course of operations, will become subject to a variety of legal and other claims against the Trust. Management and the Trust's legal counsel evaluate all claims on their apparent merits, and accrue management's best estimate of the estimated costs to satisfy such claims. Management believes that the outcome of legal and other claims filed against the Trust or its predecessor will not be material to Boardwalk REIT.

13. GUARANTEES

In the normal course of business, various agreements may be entered that may contain features that meet the AcG-14 definition of a guarantee. AcG-14 defines a guarantee to be a contract (including an indemnity) that contingently requires an entity to make payments to the guaranteed party based on (i) changes in an underlying interest rate, foreign exchange rate, equity or commodity instrument, index or other variable, that is related to an asset, a liability or an equity security of the counterparty, (ii) failure of another party to perform under an obligating agreement or (iii) failure of a third party to pay its indebtedness when due.

In connection with the sales of properties, a mortgage assumed by the purchaser will have an indirect guarantee provided to the lender until the mortgage is refinanced by the purchaser. In the event of default by the purchaser, the seller would be liable for the outstanding mortgage balance. Boardwalk REIT's maximum exposure at June 30, 2007 is approximately \$5.3 million (June 30,

BOARDWALK REAL ESTATE INVESTMENT TRUST

2006 - \$5.5 million). In the event of default, Boardwalk REIT's recourse for recovery includes the sale of the respective building asset. Boardwalk REIT expects that the proceeds from the sale of the building asset will cover, and in most likelihood exceed, the maximum potential liability associated with the amount being guaranteed. Therefore, at June 30, 2007, no amounts have been recorded in the consolidated financial statements with respect to the above noted indirect guarantees.

14. SEGMENTED INFORMATION

Boardwalk REIT specializes in multi-family residential housing and operates primarily within one business segment in five provinces located in Canada. The following summary presents segmented financial information for Boardwalk REIT's business by geographic location.

*** Unallocated assets include discontinued assets, cash, short-term investments and other assets.

15. SUBSEQUENT EVENTS

Subsequent to June 30, 2007, the Trust has filed an application with and received approval from the Toronto Stock Exchange to commence a Normal Course Issuer Bid. The Bid would allow Boardwalk REIT to purchase up to 4,267,048 trust units, representing 10% of the public float of its trust unit capital, through the facilities of The Toronto Stock Exchange. The Bid is subject to regulatory approval, and will terminate one year later, or at such earlier time as the Bid is complete.
